Dear Ambassador,

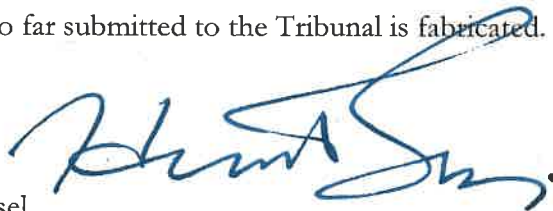

Re: Online Press Conference on Xinjiang-related Issues Co-host by Chinese Ministry of Foreign Affairs and Government of Xinjiang Uyghur Autonomous Region (09.09.21 – available here: [Zheng Zeguang Made Remarks and Answered Questions at Online Press Conference on Xinjiang-related Issues Co-Host by Chinese Ministry of Foreign Affairs and Government of Xinjiang Uyghur Autonomous Region \(www.chinese-embassy.org.uk\)](http://www.chinese-embassy.org.uk)

I refer to my previous letters, in particular my letter of 11th August 2021, inviting yourself and representatives of the People's Republic of China to attend the hearings of the Tribunal and respond to the many questions that have been raised. As Counsel stated at the opening of the June hearings, the Counsel does not have a case for or against the People's Republic of China. Its only duty as mandated by the Tribunal is to present the evidence that is publicly available or provided by any interested party, including your government. Our researchers have searched for both inculpatory and exculpatory evidence.

At the request of Sir Geoffrey Nice QC, the chair of the Tribunal, I hereby invite you once again to attend the hearings of the Tribunal which will continue until the close of business on Monday 13th September. You may present to the Tribunal the evidence that your government believes supports its case and also provide the Tribunal the background, and substance for allegations that the evidence so far submitted to the Tribunal is fabricated.

Yours faithfully,

Hamid Sabi, Counsel
